REPLY

Commissioner for Patents
Washington, District of Columbia 20231

Dear Sir:

The Applicant thanks the Examiner for the Advisory Action, dated August 5, 2005.

A Request for Continued Examination is filed herewith.

Amendments

The Applicant requests that the Examiner explain why the amendments filed in response to the Final Office Action "raise new issues that would require further consideration and/or search".

The Applicant merely combined claim 5 (as previously presented) and claim 1. Moreover, the Examiner previously indicated that claim 5 would be allowable if combined with claim 1. How then does this amendment raise new issues requiring further consideration?

If the Examiner no longer considers the subject-matter of claim 5 to be allowable, then she should withdraw the finality of her previous Office Action, not issue an Advisory Action.

The Applicant has lodged concurrently a Petition to the Director under 37 CFR 1.181.

It is respectfully submitted that all of the Examiner's objections have been successfully traversed. Accordingly, it is submitted that the application is now in condition for allowance. Reconsideration and allowance of the application is courteously solicited.

Very respectfully,

Applicants:
